## **Community Lakes Association Report**

### **February 2014**

The Community Lakes Association organized 26 years ago to help protect the health and beauty of the ponds and lakes in and around the Maine towns of Woodstock and Greenwood. We help spread information about the issues important to keeping our ponds and lakes healthy. We promote boating safety and the protection of wildlife for all the ponds in the area. Funds received from the town of Greenwood go to support these activities, particularly to help cover the cost of lake monitoring. We also raise money through donations and grants.

The CLA holds a general meeting every summer. This year's meeting marked some changes for our organization. Our President for the past 21 years, Nancy Willard, announced that she would like to pass the leadership job onto someone else. Betsy Foster also left our board to pursue other interests. We heartily thank both of these energetic people for the years of service they have given to this organization.

Jim Chandler still heads up our work on milfoil control, assisted by a crew of divers and much help from the 4H Camp. Eleven years of energy, sweat, time, and money has been spent on milfoil control in our area ponds and lakes. This year brought a new infestation to our attention at the outlet pond across the road from Lake Christopher. See our website for more information on this: <http://www.communitylakesassociation.org/>

Recognizing that our mission to protect water quality of our lakes and ponds is too important to let go, the membership formed 2 committees at the annual meeting: Membership and Development, and Communication. Both committees have met since the general meeting. If you are interested in working on either committee or on our executive board, please contact Lois Ruff at [lruff@hotmail.com](mailto:lruff@hotmail.com).

## PACE Paramedic Service

Citizens of the Town of Greenwood,

PACE Paramedic Service, a Department of Stephens Memorial Hospital is proud to be able to present you with a description of ambulance service for your Annual Town Report.

In 2013, PACE responded to a total of 3740 calls, 61 of which were in in your town. Our average response time for the calls in Greenwood, from the time of the tone until we were on the scene, was 11.8 minutes. We are regularly out the door and on our way to calls in less than one minute with a minimum of two Paramedic Level Crews on duty at all times. As with all of the towns PACE covers, we provided the highest level of care available with a Paramedic on every 911 response. Last year we were also able to add an on call crew overnight to help meet the needs of the area.

PACE continues to maintain a very close relationship with the fine group of professionals on the Greenwood Fire Department and enjoys being able to work and train with the Fire Fighters whenever possible, such as the recent Cold Water Rescue Training. Although we usually stage in Woodstock, the GWFD has been excellent hosts in allowing us to stage at the Locke Mills Station from time to time to maximize our resources as the need arises.

In addition to the day time Fire Department coverage Greenwood and Woodstock share, both departments are also Maine EMS Licensed First Responder Services. They respond with PACE on calls bringing highly skilled, lifesaving aid to the citizens. This is truly a neighbor helping neighbor scenario, with local citizens responding to render care at your time of need. Working in concert with PACE, they have proven to be a true asset to the community. At PACE, we can not express our appreciation of their efforts enough. They have been absolutely superb on calls and an essential extension in the chain of survival. This is in fact a cutting edge concept in emergency response at a national level and you are doing it! Please accept our congratulations and our gratitude.

PACE is always happy to visit schools, daycare facilities, organizations, and the like to talk about emergency care and give tours of the ambulances as part of our community outreach program. We are also more than willing to give tours of our station located on the Stephens Memorial Hospital Campus. We provide regular CPR & First Aid training here at Stephens and we are also willing to set up special classes to meet your needs. Please feel free to call 207-744-6126 to schedule tours and training.

Should you have any questions or concerns about ambulance service in your area, feel free to contact the Director anytime.

Yours Truly,

Bob Hand, Paramedic  
Director; PACE Paramedic Service

**REPORT OF  
RESPONSIBLE PET CARE OF OXFORD HILLS, INC.  
Shelter & Adoption**

Responsible Pet Care of Oxford Hills, Inc. is a non-profit, 501-C3 organization that provides a no-kill shelter for homeless cats and dogs located at 9 Swallow Road in Paris. We are equipped to provide treatment and shelter for 85+ felines and 12+ dogs. Animals not claimed by their owners are adopted into approved homes, healthy, vaccinated, flea treated, wormed, spayed/neutered and tested.

"RPC" has agreements with the Towns of Norway, Paris, Oxford, Otisfield, Harrison, Woodstock, West Paris, Greenwood, Hebron, Buckfield, Mechanic Falls, Poland, Gilead, Milton Township and Bethel to take strays. We accept owner surrender cats and dogs when cage/kennel space allows.

- Did you know? One unspayed female cat is capable of producing 20+ kittens per year for most of her life, female kittens start reproducing as early as 6 months of age, *and* siblings will breed. This is why it is so important to spay, neuter and report strays to the animal control officer.
- Did you know? Each time a dog is allowed to have puppies it can take as much as two years off her life. When you purchase a puppy, be conscious of where it comes from. Do not support "puppy mills". In "puppy mills", breeders breed irresponsibly; such as too often, selling puppies that are too young and dogs kept inhumanely. Many are sick or become sick. Be very careful if you purchase a pet on line.
- It is unlawful to sell a puppy or kitten before the age of 6 weeks. It is also required that a breeder and/or pet dealer provide the buyer of the puppy or kitten with a written disclosure indicating their history, including healthy records.

Responsible Pet Care can direct you to resources for low cost spay and neuter for dogs and cats. Please call us at 743-8679 for more information. Because of irresponsible breeding, there is an overwhelming necessity to spay and neuter bully breed types. The State of Maine FIX ME spay/neuter program in Augusta is issuing certificates with highest priority to this breed type of dogs and to cats. FIX ME program spay/neuter certificates cost \$10 for cats and \$20 for dogs. Responsible Pet care will cover these fees to qualifying individuals. Additionally, we have grants available to assist owners in the cost of spaying and neutering their pets that do not qualify for FIX ME. To contact FIX ME, 800 367-1317.

Dog licenses are due each year by January 1. The fees are split between your municipality and Maine Department of Animal Welfare. If your dog gets lost and is wearing the dog license tag, there is a very good chance that he will be returned to you. The cost to register your dog is \$6.00 if spayed/neutered and \$11.00 if not. If you do not license your dog by January 31, there is a late fee of \$25.00 per dog.

Thank you for your support and please stop by to visit us!

**INDEPENDENT AUDITORS' REPORT**

To the Board of Selectmen  
Town of Greenwood, Maine

We have audited the accompanying financial statements of the governmental activities of the Town of Greenwood, Maine as of and for the year ended June 30, 2013, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Greenwood, Maine's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Greenwood, Maine, as of June 30, 2013 and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and the budgetary comparison information, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Greenwood, Maine's basic financial statements. The combining and individual nonmajor fund financial statements, listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(Concluded)

Reconciliation of the change in fund balances - total governmental funds  
to the change in net assets of governmental activities:

Net change in fund balances - total governmental funds	\$ <u>105,147</u>
--	-------------------

Amounts reported for governmental activities in the Statement of Activities  
are different because:

Governmental funds report capital outlays as expenditures while  
governmental activities report depreciation expense to allocate  
those expenditures over the life of the assets:

Capital asset purchases capitalized	\$ 94,996
Depreciation expense	(232,727)
	\$ (137,731)

Government funds report changes in deferred taxes as revenues while government activities do not report changes in deferred taxes	\$ <u>(24,500)</u>
--	--------------------

The proceeds of debt issuance provides current financial resources to  
governmental funds, but issuing debt increases long term liabilities in  
the statement of net assets. Repayment of debt principal is an  
expenditure in the governmental funds, but the repayment reduces  
long-term liabilities in the Statement of Net Assets:

Bond obligation principal payments, net of new debt incurred	\$ <u>127,079</u>
--	-------------------

Change in Net Assets of Governmental Activities	\$ <u><u>69,995</u></u>

WARRANT

## **Town of Greenwood**

### **Warrant for Annual Town Meeting**

**May 17, 2014  
For Year 2014/2015**

**July 1, 2014 to June 30, 2015**

Oxford, ss

State of Maine

To: Albert Curtis Jr., a resident and Fire Chief of the Town of Greenwood in said County of Oxford, State of Maine.

**Greetings:** In the name of the State of Maine, you are hereby directed to notify and warn the inhabitants of the Town of Greenwood, qualified by law to vote in said town, to meet at the American Legion, Jackson Silver Post, 595 Gore Road, Greenwood on May 17, 2014 at 9 o'clock in the morning to act on the following articles to wit:

**Article 1:** To elect a **Moderator** by written ballot to preside at said meeting.

**Article 2:** To elect a **Selectman, Assessor and Overseer of the Poor** by written ballot for a **three year term** starting July 1, 2014.

**Article 3:** To elect a **MSAD #44 School Board Director** by written ballot for a **three year term** starting July 1, 2014.

### **Stipend Article**

**Article 4:** Shall the Town vote to accept the following stipend for the Board of Selectmen for the ensuing year?

**Selectmen, Assessors and Overseers of the Poor**

January 2014

Dear Friends and Neighbors:

It is an honor and privilege to represent the citizens of Greenwood in the Maine State Legislature.

The second session of the 126<sup>th</sup> Maine State Legislature reconvened and we have addressed pieces of legislation that were carried over from the first session as well as new pieces of legislation. These new pieces were limited by the Constitution to budgetary matters, bills of an emergency nature that received approval by the Legislative Council, and the Governor's bills.

Some topics of legislation pertained to expansion of the State's Medicaid program, welfare reform, amending the current fireworks law, firearms regulations, and the state budget.

That majority of these pieces have been addressed and statutory adjournment date is set for April 16<sup>th</sup>, 2014. I encourage you to visit the Legislature's website at <http://www.maine.gov/legis> for information concerning the disposition of pieces of legislation that may interest you.

If you would like to receive periodic updates about events taking place in the State House and around the State of Maine, please email me you're your request and I will add you to my emailed newsletter.

Please do not hesitate to contact me with any comments or questions that you may have concerning state government.

Sincerely,

Dear citizens of Greenwood:

As a state, we have taken great strides over the course of the past years.

Growing our economy, decreasing our energy costs, and improving our educational system are the priorities of my administration. Maine needs to create a pro-growth environment that encourages our businesses to create jobs. It is critical that we focus on promoting policies which support and attract new investment. To achieve this, we need to keep taxes low on our families and businesses, and find ways to increase efficiency in government while protecting our most vulnerable citizens.

We have made great progress toward these endeavors. We passed **the largest tax cut in Maine's history**. Two-thirds of Maine taxpayers will get income tax relief, and 70,000 low-income Mainers will no longer pay income tax. My goal is to continue to drive down Maine's income tax.

We are striving to also cut the cost of electricity through our spearheading of a regional effort with Massachusetts, Connecticut and Rhode Island to expand the use of hydropower in Maine. Additionally, Maine is currently one of the fastest states in natural gas expansion.

We have passed legislation that will decrease the cost of health insurance for school districts, allowing more money to be spent in the classroom. Putting students first is important to me. Education is what saved my life, and I want every child in Maine to have the same opportunity I had. With the passage of charter school legislation, hundreds of families now have options for their children.

There's still a lot to do. The recent decision by the legislature to take money from our state's rainy day fund in order to pay revenue sharing in 2015 is fiscally irresponsible. We need government decision makers to act responsibly.

Maine has a great tradition of civic involvement and citizen participation in the decision making process. Thank you for taking the time to become informed and for working with your neighbors to hold government accountable.

It is a pleasure serving as your Governor. If ever I can be of assistance to you or you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at [www.maine.gov/governor](http://www.maine.gov/governor).

Sincerely,

Paul R. LePage

Dear Friends,

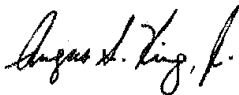

Since arriving to the U.S. Senate last January, I have been looking for ways to provide Mainers with improved access to federal services through the use of digital technology and on the ground outreach initiatives. Maine is a rural state and I know that traveling to our offices can present both logistical and financial challenges.

To help overcome those obstacles, I launched our signature **Your Government Your Neighborhood** outreach program in June 2013. Every other week members of my staff in Maine travel to different towns – ensuring that all 16 counties are served each month - to hold constituent office hours for local residents.

Over the past eleven months my work in Washington has been largely shaped by the four committees that I serve on: Armed Services, Intelligence, Budget, and Rules. These appointments allow me to engage on issues important to Maine and help craft legislation before it comes to the Senate floor. On the Armed Services Committee I work with my colleagues to honor our obligations to members of our armed forces both past and present, as well as ensure the continued strength, efficiency, and sustainability of our military. On the Intelligence Committee I work to effectively mitigate security threats facing our country while also establishing measures to guarantee that the privacy rights of U.S. citizens are protected. On the Budget Committee, I am working to ensure that necessary spending is tempered with fiscal responsibility, and my position on the Rules Committee allows me to push for procedural reforms that remove institutional inefficiencies and help move the country forward.

I am tremendously grateful for the opportunity to serve you and determined to keep you informed of my activities in Maine and Washington. As always, I welcome any thoughts, questions, or concerns that you may have. January 2014

Dear Friends:

Last year saw some of the most bitterly partisan political fighting in Washington in recent memory. However, the gridlock in Washington has not slowed my efforts to fight for Maine's businesses and industries on the national and international level. I will continue to visit and speak with Maine's small businesses and manufacturers to hear firsthand about their successes and challenges. This is an important part of my ongoing "Make it in Maine" agenda which consists of initiatives to boost domestic manufacturing and support job growth in our state.

In 2014, it will be my great honor to continue serving our nation's veterans as the Ranking Member of the House Veterans' Affairs Committee. Over the course of the last year, I worked with Representative Jeff Miller (R-Florida), the committee's chairman, to pass a number of bills important to veterans. Some that we passed would reduce the VA's disability claims backlog, help get veterans their compensation faster, and improve training and educational opportunities. One critical measure we advanced through the committee would ensure that all VA programs receive funding a year in advance so no veterans will have to worry about services being disrupted.

While I am proud of these accomplishments, I know there is still so much to do. I will continue to fight for new advances in areas such as veteran employment, veterans' health care, and the ongoing concerns with the VA claims backlog.

I believe Washington is at a crossroads. There are many members of Congress on both sides of the aisle that truly want to get things done for the people they represent. Congress needs to work together to get things done and make Washington work again. I continue to be committed to making that happen, and continue to regularly meet with Democrats, Republicans, and Independents to forge a way forward.

As we move forward into a new year, my highest priority remains ensuring that Mainers receive timely and quality constituent services. Whether you have a specific concern with a federal agency or need help connecting to resources, please don't hesitate to reach out to me at any of my offices. I also encourage you to visit my website ([www.house.gov/michaud](http://www.house.gov/michaud)), where you can email me as well as connect with me on Facebook and Twitter.

Thank you again for the opportunity to represent you in Congress.

With warmest regards,

Michael H. Michaud

Dear Friends:

It is a privilege to represent Maine in the U.S. Senate, and I welcome this opportunity to share some of my work from the past year.

Encouraging the creation of more jobs remains my top priority. I have developed a Seven Point Plan for Jobs in Maine, which includes proposals to spur small business investment, ensure robust workforce education and training, reduce regulatory red tape that stifles job creation, support Maine agriculture and manufacturing, and invest in the infrastructure needed to expand our economy. Traditional industries and small businesses remain the backbone of Maine's economy, and innovation will be important for future jobs as well. I have supported Maine's effort to lead the world in deepwater wind technology and was proud when the University of Maine and its private sector partners launched the first prototype this year. This emerging industry has the potential to create thousands of good jobs here in Maine.

BIW remains a major Maine employer and is critical to our national security. I have worked hard to support the Navy's request for a 10<sup>th</sup> DDG-51 and to continue construction on the DDG-1000s at the shipyard. This year's annual defense policy bill also contains more than 30 provisions to eliminate sexual assault from our military, including several provisions that I authored.

Partisan divisiveness in Washington continues to prevent us from addressing some of our nation's most serious challenges. Gridlock reached a peak in October with the federal government shutdown that pushed our country to the brink of defaulting on its financial obligations and damaged our economy. As the shutdown continued with no end in sight, I presented a proposal I believed both sides could support. Within days, I was leading a bipartisan coalition of 14 Senators that worked night and day to craft a plan to reopen government, avert default, and restart negotiations on a long-term plan to deal with our nation's unsustainable debt of more than \$17 trillion. Known as the "Common Sense Caucus," we will continue to work to develop solutions and bridge the partisan divide.

Earlier this year, across-the-board federal spending cuts known as "sequestration" took effect. These indiscriminate cuts jeopardized priorities from national security to medical research and stand in stark contrast to the thoughtful and thoroughly debated spending priorities set at town meetings throughout Maine. To bring some Maine common sense to this process, I authored bipartisan legislation to allow federal agencies to set priorities in administering the required cuts and wrote a new law to ensure that sequestration would not disrupt air travel, which plays such an important role in fueling Maine's tourism economy.

I have also enjoyed my work as the ranking member of the Senate Special Committee on Aging where, with Senator Bill Nelson of Florida, we work on issues of critical importance to Maine seniors. The committee has created a toll free hotline (1-855-303-9470) to make it easier for senior citizens to report fraud and scams and to receive assistance. I also serve as the Senate Co-Chair of the task force on Alzheimer's, a devastating disease that takes a tremendous personal and economic toll on more than five million Americans. Better treatment for Alzheimer's and ultimately finding a cure should be an urgent national priority.

Finally, I am proud to reflect our famous Maine work ethic by completing another year of service without missing a single roll call vote. I have not missed a vote since I was elected – a streak that stands at more than 5,300 in a row.

May 2014 be a good year for you, your community, and our great State of Maine.

Sincerely,

Susan M. Collins  
United States Senator
